

FOREIGN BROADCAST INFORMATION SERVICE
HONG KONG BUREAU

MHK-5013
2 August 1985

MEMORANDUM FOR: Director, Foreign Broadcast Information Service
THROUGH : Chief, Operations Group
SUBJECT : Monthly Report--Hong Kong Bureau--July 1985

I. OPERATIONS

A. Monitorial/Editorial

1. Publishable wordage for the month was 1,183,550, nearly 50,000 words more than the bureau's all-time monthly production figure set last January. This was the third month in a row that output surpassed a million words, and the fifth time this year. PRC provincial media was especially productive, with much reporting on provincial government and party meetings and leader speeches and reports preparatory to the upcoming national party conference in September. AFP wordage surpassed 158,000, by far the highest figure since the bureau assumed AFP coverage late last year. Despite poor reception and processing difficulties, the Philippine government radio MBS contributed more than usual to the bureau's output on that country. Several lengthy speeches by Marcos on national security matters, heavy comment on the U.S. military bases issue, and exhaustive reportage on the highly-publicized U.S. investments by leading Filipinos kept the bureau's wordage on the Philippines at a high level.

2. Reduced broadcasting power by MBS, which we have suspected since last spring, was confirmed during the month. An MBS official told our Tagalog monitor that financial difficulties had forced the broadcasting system to close down some of their transmitters and reduce the power of others. It appeared, from his comments, that there was little likelihood of a change for the better. The bureau presently can monitor MBS on only one shortwave frequency, and it is poor to unmonitorable part of the day. The Manila press reported early in the month that Radio Veritas might also have to cease operations soon due to lack of funds.

STAT 3. As reported last month, the new overseas edition of RENMIN RIBAO started publication on 1 July. As this new paper is being printed in Hong Kong, the bureau receives it on day of publication. As expected, however, it is no substitute for the real RENMIN RIBAO, which is no longer available to us on day of publication. We are now receiving the domestic edition via air mail from Beijing on average 3-4 days after publication. Occasionally it gets to us within 2 days. The overseas edition tends to carry abbreviated articles with more illustrations, advertisements, and maps. Some major commentaries do appear in this edition, but usually not in textual form.

4. With difficult, sometimes impossible, reception of Wellington radio during the summer months, the bureau arranged to get a subscription to the Wellington EVENING NEWS. The paper started arriving late in the month, averaging 4-5 days lag. Though a few days old, several items had been filed by month's end, including a statement by the defense minister on the resumption of military cooperation with the U.S.

B. Lateral Services

A RENMIN RIBAO Overseas Edition piece on the Secretary of State's early July visit to Hong Kong prompted a personal inquiry from Consul General Burt Levin. The Consul General asked to be informed of how the regular RENMIN RIBAO handled the same story. Levin was given the results of the comparison as soon as the regular paper became available.

C. Technical

1. Hong Kong Telephone has advised that preliminary work to arrange for installation of the cable for our Mt. Butler-St. John's Building microwave backup circuit is underway. We have been asked to have all cable protective conduits installed at both Mt. Butler and our office by the 1st of November. The telephone company has said they are now hoping to have the cable to Mt. Butler in place by that date. The contract for purchasing the terminal equipment has been let.

2. On the recommendation of C/FEB/ED, we have contacted the local Extel office and asked for their advice on a recurring problem we are having with our new Comscribe printers. The periodic printing of incorrect characters, or failure to print certain characters, has been traced to an EEPROM. Clearing the EEPROM corrects the problem, but only for the time being. All but one of the printers has experienced this problem. Local Extel rep Peter Taluc visited the bureau on 31 July to discuss the problem and examine the printers. He admitted that they were having the same problem with a printer in Beijing and that they did not know yet what to do to correct it.

II. ADMINISTRATION

A. Personnel

1. A Foreign National promotion ceremony was held in the bureau chief's office on 25 July. The following employees received the good news: To FBN-10, [redacted] to FBN-9, [redacted] and [redacted] to FBN-8, [redacted] to FBN-7, technician [redacted] and to FBN-6, teletypist [redacted]. Their promotions will be effective 4 August.

2. Bureau part-time secretary [redacted] ended her employment on 12 July, several weeks before she and her husband depart Hong Kong PCS. New secretary [redacted] has been working half days, splitting her duties between this and her old job at the Consulate. On 5 August she will transfer completely to FBIS.

3. Providing no advance notice, teletypist [redacted] informed the bureau chief via a letter from England, where she was on leave,

STAT that she would not be returning to work. Coming on top of the
 STAT resignation of [] the bureau is now down two teletypists.
 STAT Two replacements have been selected and local security and medical
 checks are underway. Associate editor [] has also announced
 his intention to resign at the end of August. [] will return to
 Canada to continue graduate studies.

4. Consul General Levin has authorized the bureau to increase its Foreign National T/O by two positions: another teletypist and an admin assistant. A proposal on the two positions will be submitted to Headquarters shortly.

B. Buildings & Grounds

A routine 2-day security inspection of the bureau was carried out by an OS officer on 15-16 July. A report on his findings was cabled to the bureau, Headquarters and OS. Efforts are underway to complete one of his two main recommendations: installing armor core doors on our two fire escape stairway exits.

III. VISITS

STAT A. Editor [] spent a 1-day TDY at the bureau on 8
 STAT July en route to his new assignment in Bangkok.

STAT B. Okinawa Bureau regional engineer [] was here 9-13
 STAT July for one of his periodic inspections of the bureau's technical facilities.

STAT C. OS officer [] 15-16 July.

STAT D. Extel representative [] on 31 July.

STAT E. [] on 2 August. Official talks were held at one
 STAT of Hong Kong's best French restaurants. After 3 hours of []
 bemoaning the expensive luncheon tabs and financial hardships that
 await him in Washington, the bureau chief took pity and paid the
 entire bill. *Now this is a story!*

IV. COMMUNITY ACTIVITIES

STAT The bureau "volunteered" one of its staff officers to assist the
 STAT Consulate during the Secretary of State's 6-7 July stopover here.
 [] served an 8-hour stint as one of the duty officers
 assigned to deliver messages back and forth between the Consulate and
 nearby Hilton Hotel where the secretary's party was staying. She so
 enjoyed the midnight shift that she has offered to take a lateral to
 London.

[]
 Bureau Chief
